 Roy K Potter
 Primary Examiner
 Art Unit: 2822

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest the recited apparatus having two wires connected to a conductive die pad and a package pad or the method of making such an apparatus.

Bockelman et al., U.S. Patent No. 5459284, discloses a twisted pair wire bond. The wires are used to interconnect integrated circuit devices. Figure 1 shows wires 102 and 103 attached to substrates 101 and 104. Figure 3 shows two wires 302 and 303 twisted together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roy K Potter whose telephone number is 571 272 1842. The examiner can normally be reached on M-F.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

A handwritten signature in black ink, appearing to read 'Roy K Potter', is positioned above the printed name.
